USE OF SOUND EQUIPMENT IN THE CONFERENCE ROOMS

The desk in front of each delegation is provided with a microphone and an outlet for an earphone.

A button and green and red lights are on the upper half of the microphone panel.

When the button is pressed ONCE, the green light will come on to indicate that a request to speak has been recorded and it will remain on until the request is granted.

NOTE: IF THE BUTTON IS PRESSED MORE THAN ONCE OR WHEN THE GREEN LIGHT IS ALREADY ON, THE REQUEST FOR THE FLOOR IS AUTOMATICALLY CANCELLED.

To the right of the podium, there is a "Request Queue" display panel which indicates the number of delegations which have asked to speak. A request to speak is automatically shown on the display panel when corresponding green lights are shown on microphone panel.

When the presiding officer invites a delegate to speak, the red light will come on in place of the green light as an indication that the delegate may proceed.

The earphone outlet and channel selector panel are situated on the left-hand side of each desk. To obtain interpretation or amplification of speech, plug earphone into socket, select language channel required (for information regarding the appropriate channels to select for the different languages being used, please consult the boards in the meeting rooms) - and turn the knob until the desired sound level is obtained.

IMPORTANT

PLEASE DO NOT REMOVE HEADSETS FROM THE MEETING ROOM. After the meeting, please leave headsets on the tables.
