**III. NOTES TO THE FINANCIAL STATEMENT**

Note 1. Statement of Purpose

The secretariat of the United Nations Framework Convention on Climate Change was established on 1 January 1996 with the following purposes:

- ▶ To make arrangements for sessions of the Conference of the Parties (COP) and its subsidiary bodies established under the Convention and to provide them with services, as required;
- ▶ To compile and transmit reports submitted to it;
- ▶ To facilitate assistance to the affected developing country Parties, on request, particularly those in Africa, in the compilation and communication of information required under the Convention;
- ▶ To coordinate its activities with the secretariats of other relevant international bodies and conventions;
- ▶ To enter, under the guidance of the Conference of the Parties, into such administrative and contractual arrangements as may be required for the effective discharge of its functions;
- ▶ To prepare reports on the executions of its functions under this Convention and present them to the Conference of the Parties; and
- ▶ To perform such other secretariat functions as may be determined by the Conference of the Parties.

Note 2. Accounting Policies

The following are the significant accounting policies of the United Nations Framework Convention on Climate Change (UNFCCC) :

(a) Rules and procedures

The accounts of the Convention are maintained in accordance with the Financial Regulations of the United Nations, its own Financial Rules and in conformity with the United Nations System Common Accounting Standards (A/48/530) as recognized by General Assembly resolution 48/216 C of 23 December 1993 and subsequent revisions.

Under the financial procedures adopted by the Conference of the Parties, the Executive Secretary prepares the administrative core budget for the following biennium and submits it to the COP for its consideration and approval. The approved budget constitutes authority to the Executive Secretary to issue allotments, incur obligations and make payments for the purposes for which the appropriations were approved. The COP approved a core budget of US\$ 12.6 million, out of which the equivalent of DM 1.5 million was paid by the host Government. The remaining amount is raised by all Parties, who are invited to make contributions based on an adjusted United Nations scale of assessment.

(b) Accounting convention

The accounts are prepared on the historical cost basis, modified to the extent that the cost of all property acquired is charged as an expense in the year of purchase except for the period under review where property donated in kind by the host Government was valued using the average United Nations rate of exchange in 2000.

UNFCCC's normal accounting period is a biennium consisting of two consecutive calendar years.

The UNFCCC's accounts are maintained on a 'fund accounting' basis. Separate funds for general or special purposes may be established by the Conference of the Parties or the Executive Secretary. Each fund is maintained as a distinct financial and accounting entity, with a separate self-balancing double-entry group of accounts.

(c) Contingent liabilities

The expenditures do not include possible costs to cover contingencies under Appendix D to the United Nations staff rules for personnel financed under resources obtained from contributions.

(d) Income tax refund policy

The UNFCCC salaries are charged to the budget on a net basis during the year in which the services have been rendered. Income tax refunds are charged to the year in which they are made to the staff member.

(e) Unliquidated obligations

Unliquidated obligations are expenditures based on firm obligations entered into, but not disbursed, in the financial period. Unliquidated obligations for the current period in respect of all UNFCCC activities remain valid for 12 months following the end of the period to which they relate.

All unliquidated prior period's obligations as at 31 December are recorded as saving on prior period's obligations.

(f) Cash and term deposits

Funds on deposit in interest bank accounts, time deposits and call accounts are shown in the statements of assets and liabilities as cash. All term deposits are placed in line with the United Nations investments policies and guidelines.

(g) Income

(i) Assessed contributions from Party members

Income from assessed contributions is recognized on an accrual basis based on the budget approved by the Conference of the Parties.

(ii) Voluntary contributions

Voluntary contributions to UNFCCC trust funds are recorded as income when received, which include funds received under Inter-Organization arrangements.

(iii) Interest income

Interest income is based only on amounts received and accrued from cash and term deposits relating to the financial period. Interest due from cash and term deposits made in the financial period but not maturing until future periods is recorded as accounts receivable.

(iv) Miscellaneous income

Refunds of expenditures charged to prior financial periods, net gains on exchange, moneys accepted for which no purpose is specified and proceeds from the sale of surplus property are credited to miscellaneous income.

(v) Contributions

All contributions to Secretariat's activities are deposited with United Nations Office in Geneva. UNFCCC operates an imprest account in Deutsche Mark to cover its expenditure in Bonn. Reports on the utilization of the imprest account are submitted to UNOG on a regular basis.

(h) Translation of currencies

The financial statements of the UNFCCC are presented in United States dollars which is the currency best suited to its operations. As per United Nations Accounting standards, transactions in other currencies are recorded in United States dollars by applying the United Nations operational rate of exchange at the time of the transaction. Realised exchange loss is charged to the appropriate budgetary account.

Note 3. Trust Fund expenditures

The total expenditure of US\$ 18 260 227 in Statement I includes exchange loss of \$33 464 in the operating expenses.

Note 4. Prior period adjustments

This represents US\$ 138 405, adjustments of programme support costs relating to saving of 1999, unliquidated obligations of \$1 064 653, and \$60 976, the contribution from the Government of Sweden received in 1999, but not identified for the trust fund FI.

In 2000 there was no need to draw down on the operating reserves and therefore the level of reserve was reported as being US\$ 805 230 (operating reserve) and US\$ 819 068 (working capital reserve) (Statement II).

Note 9. Programme Support

The United Nations retains 13% of the actual expenditures of all established UNFCCC trust funds for programme support subject to specific exceptions made by the Controller. When a project is shared between UNFCCC and another United Nations agency programme support charges are also shared accordingly between both organizations with the combined amount not exceeding 13%. In 2000 an amount of US\$ 2 024 599 has been reported as programme support (Statement I)

Note 10. Non-expendable inventory

The financial obligation of the organization to the United Nations Joint Pension Fund consists of its mandated contribution at the rate established by the United Nations General Assembly together with its share of any actuarial deficiency payments that might become payable pursuant to article 36 of the regulations of the United Nations Joint Staff Pension Fund.

Note 12. Other donations in kind
