

SUBSIDIARY BODY FOR SCIENTIFIC AND TECHNOLOGICAL ADVICE
Fifteenth session
Marrakesh, 29 October - 6 November 2001
Agenda item 10

OTHER MATTERS

Relationship between efforts to protect the stratospheric ozone layer and efforts to safeguard the global climate system: issues relating to hydrofluorocarbons and perfluorocarbons

Draft conclusions proposed by the Chairman

1. The SBSTA recalled decision 17/CP.5 entitled "Relationship between efforts to protect the stratospheric ozone layer and efforts to safeguard the global climate system".
2. The SBSTA noted the information contained in document FCCC/SBSTA/1999/MISC.6 and Add.1 and also on the UNFCCC web site,¹ and encouraged Parties, the relevant bodies of the Montreal Protocol, the IPCC, intergovernmental organizations and non-governmental organizations to update further the information on available and potential ways and means of limiting emissions of hydrofluorocarbons and perfluorocarbons, including their use as replacements for ozone-depleting substances.
3. The SBSTA also invited Parties to provide their views, by 1 March 2002, on information aspects noted in decision 17/CP.5, for compilation in a miscellaneous document.
4. The SBSTA requested the secretariat to prepare a document for consideration by the SBSTA at its sixteenth session, drawing upon information received by 1 March 2002, provided in accordance with paragraph 2 above.
5. The SBSTA decided to consider this issue further at its sixteenth session.
