

FCCC/WEB/2001/2

25 October 2001

**NATIONAL COMMUNICATIONS FROM PARTIES NOT INCLUDED
IN ANNEX I TO THE CONVENTION**

PROVISION OF FINANCIAL AND TECHNICAL SUPPORT

**Status of the preparation of national communications from Parties not included
in Annex I to the Convention**

Note by the secretariat

I. MANDATE

1. By its decision 10/CP.2, the Conference of the Parties requested the secretariat, *inter alia*, to facilitate assistance to Parties, particularly developing country Parties, in the preparation of their national communications and provide a report on how it is facilitating such assistance to the Subsidiary Body for Implementation and the Subsidiary Body for Scientific and Technological Advice at each of their sessions (FCCC/CP/1996/15/Add.1).

II. APPROACH

2. In response to the above mandate, the secretariat provides a report to the subsidiary bodies at each of their sessions which includes a table on the status of preparation of national communications from Parties not included in Annex I to the Convention. The table is prepared using information obtained from: (i) national responses received from Parties to a questionnaire on the status of preparation of national communications from Parties not included in Annex I to the Convention during the period February to September 2001; and (ii) the Global Environment Facility, its implementing agencies and bilateral programmes.

3. To enable the secretariat to provide frequent updates of information contained in this table, it has compiled all relevant information referred to in paragraph 2 above in a database. The information contained in this database has been used to generate the table on the status of preparation of national communications from Parties not included in Annex I to the Convention which is posted on the secretariat's web site (www.unfccc.int/program/nai/ncweb0102.pdf); hard copies are available on request.
